Hi, Andrew.

Johanna suggested that we add some information in our comms documents about how the public can access the responsiveness summary. I have added that information to the ComStrat and desk statement. I also made a few other minor changes as I read through it again. Finally, this is actually a CLEAN version in which all our previous edits have been accepted.

I also drafted a Region 8 press release for folks to review. I know we might want to issue a joint press release that includes information about CFAC. If we decide to do that, we can tweak this as needed.

Thanks!  
Cynthia
